perintendent P. E. Myers of the New
Mexico division, and General Su-
perintendent J. M. Kurn, all of whom

line in a special. The special was
made up of the three cars of the of-
ficials named.

Ben Selig, head of the motion pic-
ture house which bears his name,
passed through here last night on a
return trip to the east. Mr. Selig
renewed his promise to send a mov-

tack made on him by a maniac a few
days after his former visit to this
city.

Senator John Bowdley Works, Jun-
ior representative from California, in
the upper house of congress, passed
through here last night on his way
to Washington. Senator Works stated
that he was much pleased with the
election results in New Mexico, and
that he trusted the state legisla-
ture would send a progressive sena-
tor to congress.

Mr. Works says he expects a busy
session this winter, the federal in-
corporation act, a measure investigat-
ing into the filing upon land not
under an irrigation project, tariff
legislation, and deep waterways leg-
islation. Senator Works deprecated
greatly the practice of allowing more
settlers to draw water for irrigation
from a stream than the waters of
that stream would fully supply.

SEARCHING PARTY IS AGAIN OUT FOR MISS GREB

Clue Received by Local Police
Last Night Leads to Re-
doubled Activity in Hunt
for Missing Young Woman.

Chief McMullin last night received
what may prove to be a clue to the
whereabouts of Miss Margaret Greb,
who has been missing 10 days this
afternoon and a searching party was
again formed and today it is looking
for the lost girl.

The clue came in the shape of a
message from a rancher near Ala-
meda, who stated that he saw the girl
on Wednesday afternoon, about 24
hours after she had left her home,
walking east and north from Ala-
meda, toward the Sandia mountains.
Early this morning Policeman Pablo
Lujan was sent out with other mount-
ed men, to search for the young wo-
man. They have not yet returned,
and no word has been received from
them.

But little hope for the finding of
the girl alive is held out. Ten days
alone on the mesa east of the city, or
in the rocky gorges and canyons of
the Sandias would try the strength of
a strong man, but for Miss Greb it is
believed the exposure might result in
death. Had the weather been
warmer, or were the mesa more
densely populated, it is believed she
would have survived the hardships of
the recent days, or would have been
found.

Word from the searchers is anxiously
awaited.

GIEGOLDT LEAVES FOR CALIFORNIA

Pioneer Citizen and Former
Member of Board of Educa-
tion Transferred to Rich-
mond, California.

The many friends in Albuquerque
of Mr. George Giegoldt, who for many
years has been the popular foreman
of the paint department at the Santa
Fe shops in this city, will regret to
learn that on account of the ill health
of Mrs. Giegoldt he has been com-
pelled to seek and has obtained a
transfer from Albuquerque to Rich-
mond, Calif., where he will make his
home in future.

As a testimonial of their affection
for their foreman, Mr. Giegoldt's fel-
low-workers among the painters at
the shops yesterday presented him
with a handsome ring, bearing in
beautiful enamel work the emblem
of the Independent Order of Odd Fel-
lows, of which order Mr. Giegoldt has
for many years been a prominent
member.

Mr. Giegoldt is one of the veteran
employees of the Santa Fe railroad,
having been in the service of that
company continuously for 25 years, 22
years of which time he has spent in
Albuquerque. He is a pioneer citizen
of this city, and has always been ac-
tively identified with its interests, hav-
ing served for six years as a member
of the board of education of the city.

Mr. and Mrs. Giegoldt will leave for
California tonight on Number One. A
large delegation of their friends will
be at the train to see them off and
wish them success in their new home.
